1991 Subject Index

Air Monitoring

May "Tide of Technology" by Sharon Lynn Campbell, CSP, p. 60

Dec. "Focus on Portability and Quickness in Industrial Hygiene Instrumentation" by Kevin F. Wheeler, p. 26

Asbestos

Feb. "Significant Problems Are Avoided By Adopting Proactive ACBM Policy" by Roger P. Francoeur, p. 15

Sept. "Dealing With Asbestos Crisis Quickly Can Minimize Attention of News Media" by Wm. Chip D'Angelo, p. 35

Back Safety

Feb. "Good Back-Injury Management Includes Prevention, Testing and Rehabilitation" by Teri Lyn Eisma, p. 28

July "Active Safety Programs, Education Can Help Prevent Back Injuries" by Bob King, LPT, p. 49

Nov. "To Drive Without Low-Back Pain" by Malcolm H. Pope, PhD, Rosemary Bonney and Leon Grobler, MD, p. 36

Chemical Safety

Feb. "Implementing Chemical Hygiene Plan Focus of OSHA's New Lab Standard" by John F. Rekus, MS, CIH, CSP, p. 52

Mar. "Guidelines, Software Available for SARA Title III Compliance" by Lisa O'Mara, p. 24

June "Chemical Process Safety Needs Effort From Industry, Government and Public" by Norman Beddows, CSP, CIH, p. 66

July "Hazard Analysis, Engineered Controls Prevent Chemical Process Accidents" by Norman Beddows, CSP, CIH, p. 43

Aug. "Hazard Identification and Modeling Basis for Emergency Prediction Data" by Norman Beddows, CSP, CIH, p. 43

Conferences

Feb. "NAC Expands Scope of Conference To Include Environmental Issues," p. 17

Mar. "Hazmat Central Conference To Focus On Intensified OSHA Regulation" by Teri Lyn Eisma, p. 38

Mar. "First Emergency Response Conference Draws Broad Mix of Professionals" by OH&S Staff, p. 46

April "Worker Wellness in the Spotlight At 1991 AOHC in San Francisco" by Teri Lyn Eisma, p. 52

May "Salt Lake City AIHA Destination" by Eric Vaughan, p. 67

May "HazMat Conference '91 Introduces New Decade, International Concerns" by Teri Lyn Eisma, p. 78

June "ASSE Heading for 'Mile High City'" by Eric Vaughan, p. 44

July "SEDA Gears for Colorado Conference" by Stephanie Schultz, p. 36

Sept. "National Safety Congress Promises Professional Development, Pageantry" by Teri Lyn Eisma, p. 52

Oct. "NSC Congress Prepares Professionals To 'Take Charge' in the Work Place" by Teri Lyn Eisma, p. 64

Nov. "Growth of Hazmat Industry Expands Scopes of Two Annual Conferences" by Teri Lyn Eisma, p. 53

Confined Spaces

Aug. "OSHA Seeks to Regulate Rescue With Updated Confined-Space Rules" by Richard Wright and Michael Roop, p. 20

Drugs in the Workplace

April "Comprehensive Drug Abuse Program Can Prove Effective in the Workplace" by Gerald A. Marini, p. 54

Education/Training

Feb. "Behavior Modification Can Heighten Safety Awareness, Curtail Accidents" by Michael Topf, MA, and Ron Preston, MA, p. 43

May "User-Friendly, Interactive Software Successfully Trains Workers in Safety" by Teri Lyn Eisma, p. 30

June "Hazardous-Waste Operation Training: The University of Wisconsin Approach" by Michael F. Waxman, PhD, p. 28

Sept. "OSHA Proposes Accredidation Rule For HAZWOPER Training Providers" by Mary J. Loshak and Timothy S. Mustard, MS, p. 44

Oct. "Behavior Change in Safety Culture Calls for Computer-Based Training" by James M. Palmer and Karen J. Jackson, p. 71

Nov. "Education for OHNs Shows Improvement, But Schools Must Respond to Growth" by M. Kay Garcia, RN, MS, and Mary E. Nickolaus, DrPH, p. 18

Emergency Response and CPR

Jan. "City's Emergency-Response Agencies Must Jointly Prepare for Disaster" By Eric Vaughan, p. 52

Jan. "Safe Mouth-to-Mouth Resuscitation Requires Adjunct Equipment, Caution" by Vincent C. Madama, MEd, RRT, p. 56

Mar. "DOT Regulations Place Emphasis On Well-Informed Response Teams" by Eric Vaughan, p. 35

Mar. "The '7 Cs' of CPR Take Into Account That Not All Students Are Clinicians" by Frank J. Poliafico, p. 48

Aug. " 'Practical CPR' May Ease New-Student Anxieties" by Arthur J. Rubens, DrPH, and Mark Merlin, p. 28

Employee Assistance

Mar. VIEWPOINT: "Businesses Taking Much Closer Look At Working Women and Child Care" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 58

April "Company Managers Should Be Prepared To Deal With Grief Following Tragedy" by Don Klompeen, PhD, p. 64

Sept. "Strategy for Mental Health at Work Addresses Biopsychosocial Factors" by Wanda Rappaport, PhD, p. 24

Environmental Protection

Nov. "Mexico: Challenge and Opportunity" by R. Blake Smith, p. 42

Nov. "Canada, U.S. Fight Acid Rain" by R. Blake Smith, p. 45

Nov. "The European Connection" by Pam Tremont, p.48

Ergonomics

Jan. "Ergonomics Will Take Center Stage During '90s and into New Century" by Marilyn Joyce, p. 31

Jan. "Gaining the Upper Hand On Carpal Tunnel Syndrome" by Steven J. Barrer, MD, p. 38

June "Engineers, Safety Professionals Work On Total Ergonomic Quality" by Clifford M. Gross, PhD, p. 54

Oct. "Most Factors Contributing to CTS Can be Minimized, if not Eliminated" by Shirley Morgan, EdD, MSEA, MPH, and Rallie Pearson, MPH, MSEH, p. 47

Eye/Vision

Mar. "NSPB Suggests 10-Step Program To Prevent Occupational Eye Injury" by Tod W. Turriff, p. 62

April "Vision Testing a Sensible Part Of Worksite Ergonomics Program" by Leanne Gould and Francine Stainback, p. 78

Oct. "Matching Lens to Task Critical In Work Place Eyewear Decisions" by Sidney Wittenberg, OD, p. 78

Nov. "Contrast Sensitivity Important Tool For Industrial Vision Screening" by Gregory F. Keep and Robert Lawner, p. 56

Fire

Mar. "Fire-Retardation Treatment Plays Important Role in Fire-Safety Efforts" by Jay A. Goodwin, p. 56

July "Smoke and Flame" by OH&S Staff, p. 28

Hazard Communication

Mar. "Openness and Quick Response Critical When Working With Media in a Crisis" by Lisa O'Mara, p. 28

April INTERNATIONAL ISSUES: "Nations Work to Reduce Disparity In Methods of Hazard Classification" by Margaret C. Samways, p. 73

July "Labor-Supported Committees Advocate Workers' Right to Understand an MSDS" by Neville C. Tompkins, p. 23

Hazardous Materials

Mar. "Hazardous Materials Exposure Mandates Integrated Patient Care" by Craig DeAtley, PA-C, CD, p. 40

June "Hazardous-Waste Storage Program Sends Positive Message to Workers" by Gary Van Valkenburgh, p. 64

Sept. "Disposing of Hazardous Waste: Numerous Resources and Options" by Moumin Quazi, MA, p. 18

1991 Subject Index

Air Monitoring

May "Tide of Technology" by Sharon Lynn Campbell, CSP, p. 60

Dec. "Focus on Portability and Quickness in Industrial Hygiene Instrumentation" by Kevin F. Wheeler, p. 26

Eye/Vision

Mar. "NSPB Suggests 10-Step Program To Prevent Occupational Eye Injury" by Tod W. Turriff, p. 62

April "Vision Testing a Sensible Part Of Worksite Ergonomics Program" by Leanne Gould and Francine Stainback, p. 78

Oct. "Matching Lens to Task Critical In Work Place Eyewear Decisions" by Sidney Wittenberg, OD, p. 78

Nov. "Contrast Sensitivity Important Tool For Industrial Vision Screening" by Gregory F. Keep and Robert Lawner, p. 56

Fire

Mar. "Fire-Retardation Treatment Plays Important Role in Fire-Safety Efforts" by Jay A. Goodwin, p. 56

July "Smoke and Flame" by OH&S Staff, p. 28

Hazard Communication

Mar. "Openness and Quick Response Critical When Working With Media in a Crisis" by Lisa O'Mara, p. 28

April INTERNATIONAL ISSUES: "Nations Work to Reduce Disparity In Methods of Hazard Classification" by Margaret C. Samways, p. 73

July "Labor-Supported Committees Advocate Workers' Right to Understand an MSDS" by Neville C. Tompkins, p. 23

Hazardous Materials

Mar. "Hazardous Materials Exposure Mandates Integrated Patient Care" by Craig DeAtley, PA-C, CD, p. 40

June "Hazardous-Waste Storage Program Sends Positive Message to Workers" by Gary Van Valkenburgh, p. 64

Sept. "Disposing of Hazardous Waste: Numerous Resources and Options" by Moumin Quazi, MA, p. 18

1991 Subject Index

Sept. "Safe Facility Design, Toxin Controls Refined for Semiconductor Processes" by Mahendra Roychowdhury, PhD, CIH, CSP, p. 40

Nov. "Transportation of Hazardous Materials Requires Compliance With P.L. 101-615" by John P. Schenck, PhD, p. 28

Healthcare

Jan. VIEWPOINT: "Management Should Take into Account The Indirect Costs of Convalescence" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 26

April HEALTH MANAGEMENT: "Healthcare Cost-Control Analysts Need Historical Data on Use of Funds" by David Chenoweth, PhD, p. 32

April EDITORIAL: "National Health Insurance System Would Be No Better Than Medicare" by Alexander L. Strasser, MD, FACP, p. 36

May HEALTH MANAGEMENT: "Employers Regard Healthcare Costs As Top Business Issue During 1990s" by David Chenoweth, PhD, p. 88

Oct. "Purchasing Workers' Comp Insurance: How To Broaden Coverage and Trim Costs" by Kevin Quinley, CPCU, ARM, p. 101

Dec. "Bloodborne Pathogens" by John F. Rekus, MS, CIH, CSP, p. 30

Health/Fitness Promotion

April "Worksite Nutrition Program Can Alter Dietary Attitudes About Heart Disease" by Laureen M. Lopez, PhD, RD, and Jennifer E.L. Anderson, PhD, RD, p. 60

Aug. "Heat, Humidity, Hard Work Demand Replacement of Depleted Nutrients" by Teri Lyn Eisma, p. 36

Oct. "Objectives of Healthy People 2000 A Priority Issue for the AAOHN" by Annette B. Haag, RN, COHN, p. 40

Nov. "Woodmill Stretching Program Works For Fitness, Morale, Lower Costs" by Terrie Claflin, p. 34

Nov. VIEWPOINT: "Report on Worksite Fitness Programs Suggests Criteria to be Considered" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 54

Dec. "Health Promotion Can Be a Valuable Strategy to Assist in Cost Containment" by Neal S. Sofian, MSPH, p. 24

Dec. VIEWPOINT: "Proper Nutrition Gaining Importance in Workplace Health-Promotion Effort" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 36

Hearing Conservation

April "Good Hearing-Conservation Program Detects Impairment and Saves Lives" by Robert Thayer Sataloff, MD, DMA, and Joseph Sataloff, MD, DSc, p. 46

Oct. "New Draft ANSI Standard Enhances Efforts in Hearing Conservation" by Julia D. Royster, PhD, and Larry H. Royster, PhD, p. 86

Indoor Air Quality

Jan. ENGINEERING CONTROL: "Risks of Radon Exposure Significant, But Controls Are Relatively Simple" by D. Jeff Burton, PE, CIH, CSP, p. 46

Mar. ENGINEERING CONTROL: "Physical, Psychological Complaints Can be Result of Indoor Air Quality" by D. Jeff Burton, PE, CIH, CSP, p. 53

May "Survey Aids in Assessing the Impact Of IAQ on Worker Health, Satisfaction" by Galen E. Cole, PhD, MPH, Daniel P. McCartan, RN, BSN, and Jimmy J. Wallace Jr., MHSA, p. 38

May ENGINEERING CONTROL: "Checklists and Questionnaires Aid Investigation of Indoor Air Quality" by D. Jeff Burton, PE, CIH, CSP, p. 82

June ENGINEERING CONTROL: "Standards, Codes, Regulations Help Keep Indoor Air Quality Acceptable" by D. Jeff Burton, PE, CIH, CSP, p. 68

July ENGINEERING CONTROL: "ASHRAE 62-1989 Premier Standard For Acceptable Indoor Air Ventilation" by D. Jeff Burton, PE, CIH, CSP, p. 26

Managing Safety and Health

Jan. "Mobile Equipment Access Problems Could Be Solved by Manufacturers" by William English, CSP, PE, p. 48

Jan. "Incentive Programs Must be Chosen According to Task, Training, Preference" by Teri Lyn Eisma, p. 54

Jan. "Safety on the Dock Is No Accident" by Robert J. Staehler, p. 60

Jan. INTERNATIONAL ISSUES: "Europe Gears Up for Challenge Of Safety and Health Directives" by Lawrence Bamber, DIS, MBIM, FIRM, FIOSH, RSP, p. 29

Feb. "Managing Construction Site Safety" by Ron Lattanzio, p. 38

June "Robotics" by Moumin Quazi, MA, p. 22

June "Safety Engineers Have Obligation To Control Hazards Through Design" by Roger L. Brauer, PhD, PE, CSP, p. 42

Aug. "Technic of Operations Review Analysis Determines Cause of Accident/Incident" by Richard G. Hallock, MBA, PhD, p. 38

Aug. "Driven to Improve Safety Performance" by James E. Brogan, p. 40

Oct. "Strike an Arc" by John F. Rekus, MS, CIH, CSP, p. 24

Oct. "Multinational Companies Need Positive EH&S Programs to Compete Effectively" by James W. McClatchey, p. 42

Oct. "OSHA Injury, Illness Recordkeeping Regulations: Comply or Prepare to Pay" by Lawrence P. Postal, Attorney at Law, p. 100

Nov. COMPLIANCE UPDATE: "Practice 'Common Sense Compliance' in Worksite Health and Safety Efforts" by Scott Lawson, CIH, p. 20

Dec. "Ice: Danger Sans Traction" by Teri Lyn Eisma, p. 20

Occupational Medicine

Feb. EDITORIAL: "Americans With Disabilities Act Raises Ethical Considerations for Physicians" by Alexander L. Strasser, MD, FACP, p. 26

April "Quality Control in Health Screening Minimizes Expensive False-Positives" by Paul Enright, MD, and Paul D. Scanlon, MD, p. 38

April "Allergy, Cold Sufferers Must Cope With Effects of OTC Medications" by Eric Vaughan, p.28

Oct. "On-Site Health-Monitoring Program Keeps 'Lifestyle' Diseases in Check" by Genevieve B. Reed, MSN, COHN, p. 56

Protective Equipment

Jan. "Managers, Workers Must Realize Need for Flame Retardant Clothing" by C. Phillip Colver, PhD, PE, and John C. Colver, p.20

Feb. "Advances Lead to Tougher, More Durable Hard Hat" by Michael S. Bross, p. 22

May "The Non-Existent 'Perfect' Glove Would Be Useful for Diverse Tasks" by Bridget G. Wood and Michael Guarnieri, PhD, MPH, p. 56

July "Cooled Clothing Provides Comfort and Increases Worker Productivity" by Eric Vaughan, p. 20

July "Positive Plan Promotes Consistent Use Of Safeguards for Head, Face and Eyes" by Teri Lyn Eisma, p. 54

Dec. "Handling the Cold With Dexterity" by Teri Lyn Eisma, p. 16

Dec. "'Safety Shoe Myths' Cloud Facts, Discourage the Use of Foot Protection" by John O'Brien, p. 22

Respiratory Protection

May "A Breath of Fresh Air" by John F. Rekus, MS, CIH, CSP, p. 22

Aug. "Breathing Air Cooling System Combats Respiratory Contamination, Heat Stress" by Clifton M. McClure, Clifton D. McClure and Marty Melton, p. 33

Sept. "OSHA, NIOSH, Industry Disagree On Safest Respiratory Protection" by Lisa O'Mara, p. 38

Reviews

Mar. IN REVIEW: "Stat-Ref! a Good Medical Reference; Book Addresses Risk Assessment" by Kenneth S. Cohen, PhD, PE, CIH, p. 54

Nov. IN REVIEW: "California's Clinical Guidelines Prove Valuable Reference for OHNs Anywhere" by Linda Nance Marks, RN, EdD, p. 41

Standards

July "Changes Come to Radiation Regs; How Will Your Facility Be Affected?" by Stephen W. Schaaf, p. 58

Trends/Studies

April "California's Safety Laws Set Example For Successful Proactive Practices" by Don Brown, SE, p. 68

April VIEWPOINT: "Repetitive Motion, Radiation and Eye Concerns Mount at Computer Worksites" by Phillip L. Polakoff, MD, MPH, MEnvSc, p. 34

May "AIDS: Right to Know vs. Right to Privacy" by Tom Witherspoon, p. 79

Sept. "Possible Link to Cancer Fuels Debate Regarding Effects of Magnetic Fields" by Danny Westneat and Michael Krause, CIH, p. 28

Oct. "1991 a Year of Change In Occupational Health & Safety" by R. Blake Smith, p. 33

Oct. "Congress Taking on 'Tough Guy' Role With Safety and Health Legislation" by Mark D. Cowan, p. 38

Nov. "Comply or Pay: OSHA Getting Tough About Lockout/Tagout Enforcement" by Kevin F. Wheeler, p. 24
